

The 3 Point Brand Check

Is your brand a reason to stay, or just a logo?

Your logo is fine. Your brand is the feeling people get every time they meet you. These three checks take ten minutes and tell you where it is leaking.

CHECK 1: CONSISTENCY

- 1 Open your Instagram, your website and one printed item (menu, flyer, card).
- 2 Put them side by side.
- 3 Same logo? Same colours? Same fonts? If not, that is fix number one.

CHECK 2: VOICE

- 1 Read your last 3 captions out loud.
- 2 Do they sound like the same person wrote them?
- 3 Pick 3 words for how you want to sound and keep them on a sticky note.

CHECK 3: THE REASON

- 1 Finish this sentence: "People choose us because..."
- 2 If you cannot finish it in one line, nobody else can either.
- 3 Put that line on your website and in your bio.
