

The Welcome Email Outline

Five emails that run themselves.

Email is the audience you own. Algorithms cannot take it away. Set this welcome flow once and it works for every new subscriber.

THE 5 EMAIL WELCOME FLOW

Email 1, right away	Thanks for joining. Who you are in 2 lines. What they will get from you.
Email 2, day 2	Your story. Why you started and what makes you different.
Email 3, day 4	Your best seller or most popular service, with a photo and a button.
Email 4, day 7	Real reviews or a customer story.
Email 5, day 10	A clear offer or an invitation to book.

RULES THAT MAKE PEOPLE OPEN

- ☐ Subject lines under 8 words.
- ☐ One idea per email.
- ☐ One button per email.
- ☐ Write like a message to one person, not a newsletter to everyone.

AFTER THE WELCOME

- 1 One monthly email that earns the open: news, a tip, an offer.
- 2 Automate follow ups after a purchase or booking.
- 3 Win back people who have not opened in 3 months.

DO THIS TODAY Write Email 1 today. Three short paragraphs is enough.
