

# Your Shoot Concept Starter

Plan the shot list before you press record.

One well planned shoot can give you a month of content. Fill this in, send it to us, and we will come back with a concept and a shot list.

## TELL US 3 THINGS

- 1 What is your business and what do you sell?
- 2 Where do you post most: Instagram, TikTok, website?
- 3 What should people feel or do after seeing it?

## WHAT MAKES FOOTAGE LOOK INTENTIONAL

- ☐ A shot list written before the day.
- ☐ Real light: shoot near windows or in shade, not harsh noon sun.
- ☐ Clean sound: a simple clip-on mic beats the camera mic.
- ☐ Hands, details and motion, not only wide shots.
- ☐ Vertical first, with room to crop for other formats.
