

# How a Monthly Plan Works

One team for your website, content and ads.

Marketing in bursts is like a gym membership you use once. A monthly plan keeps things moving. Here is how ours works.

## HOW IT RUNS

- 1 We start with an audit and a 90 day plan.
- 2 Monthly deliverables are agreed upfront, in writing.
- 3 You get short updates every week. No chasing.
- 4 Every month we review: what worked, what changes, renew or not.

## WHAT CAN BE INCLUDED

- ☐ Website updates and new pages
- ☐ Social content: posts, carousels, reels
- ☐ Ads management and testing
- ☐ Email campaigns
- ☐ Monthly report in plain words

## IT IS A GOOD FIT IF

- ☐ You want steady growth, not one-off bursts.
- ☐ You would rather run your business than your marketing.
- ☐ You want one team accountable for results.
