

The Listing Page Template

Searchable, not scrollable.

If your listings live in a group chat, so do your leads. Give every property its own page.

EVERY LISTING PAGE HAS

- 1 **Headline:** type, area, price. Example: "2 bed flat, Hulhumale, MVR __/month".
- 2 **6 to 10 photos,** in order: outside, living, kitchen, bedrooms, bath, view.
- 3 **Key facts:** size, floor, furnished, lift, parking, available from.
- 4 **Map pin.**
- 5 **"Enquire about this listing"** button that sends the listing with the message.
